CHIEF BENDER'S PITCHING WINS GAME FOR PHILLIES

Phillies Are Unable to Hit Chief Bender When Hits Mean Runs.

PHILADELPHIA, July 29.—Old Chief Bender resumed operations on Friday afternoon and the Phillies as a result scored a rather easy 5 to 2 victory over the Pirates. It was the best the Pirates could do in the delivery of the veteran who is safe at all times. The Phillies piled up a winning lead in the two innings. Cooper succeeded in the box in the second inning.

In the Wake of the News By Ring W. Lardner.

NOTHIN' DUNE.
I started out to write a symphony about the Gary Symph. But when to this point I had got 1 kind of thought I'd better not.

RUNNING FOR OFFICE.
"I did not know you were a candidate," writes young Wilbur Nesbit, "until I happened into the bath department of the C. A. A. the other night and saw the sign, 'Bing for Attendance'."

I would like to know, Mr. Nesbit, what you were doing there.

ADVANCE DOPE ON THE SERIES.
Umpires—American League: — and —; National League: — and Klem.

FEATURE PUZZLE.
If Johnny and Rolie Continued their folly And climbed in the ring with their boxing gloves on, I wonder, b'golly, Where John would punch Rolie, And I wonder what Rolie would aim at on John.

We would never refer to Mr. Zeller's prob. if we didn't think we had

the right. He called us Owl Eyes before we called him Hook.

The way to make the Cubs play ball is to hint they're all slated for release. The papers traded Cy Williams to Pittsburgh last winter and you know Cy's cut up ever since. Only ten days ago they were going to send Hendrix to Kansas City as part pay for Wortman. And now look at Claude!

Friend Harvey: You may think this piece is short but it's like this way Harvey. I promised 2 or 3 people that I would take them out to Lincoln Park this P. M. and look at the animals provided they would keep quiet and leave me work in peace till I got ready to take them. Well Harvey I wished you could hear them keeping quiet and you would think we was all ready out to the zoo and that all the animals was craby with the heat. But you got 2 or 3 people like these in your family and you know how it is and a man's got a swell chance to try and write something and a man might just as well quit and call it a day and besides I am just wild to get out there myself and I don't know no place where I would rather spend the P. M. unless it was the U. S. stock yards.

GIANTS TO MAKE ANOTHER TRADE

McGraw Trying to Win Pennant and Will Again Strengthen His Team.

NEW YORK, July 29.—Despite the interest in the local debut of Christy Mathewson as manager of the Reds, local fandom is most interested in the prospects of the Giants in the National League race. John McGraw's men are in fourth place. They have been strengthened by the addition of Charley Herzog to the infield and Slim Sallee to the pitching staff. What difference will these two players make to the fortunes of the Giants this year?

McGraw says they will make a lot of difference. "Herzog will round out the infield," says the Giant leader. "Our weakness has been at third base. Sallee will strengthen the pitching staff more than most people realize. I may put through another trade this week that will give us even a better chance for the pennant. We may not win this year, but we'll be in the hunt yet. The leaders will be coming back to us soon."

There is much truth in what he says. Herzog strengthens the infield materially. Sallee is a great pitcher. The Giants undoubtedly still have a chance for the pennant. That chance is not so bright, though, as even McGraw may believe it.

It is estimated that in order to win the National League pennant a club will have to put over at least ninety victories. The Giants to date have

played eighty-four games and won forty-one and lost forty-three. Of the seventy games remaining on the schedule they must win at least forty-nine to have a chance for the flag. This is not an impossible feat for a club of the dormant strength of the Giants. Yet it is a very improbable one.

On paper, save for the pitching staff, the Giants appear to outclass the other National League clubs. There is not a better infield, all things considered, than that composed of Merkle, Doyle, Fletcher and Herzog. What National League outfield compares with Robertson, Burns and Kauff? Where is there a better catcher than Bill Rariden?

Benny Kauff has been a big disappointment. There is no denying that fact. He is in there trying all the time. Now and then he looks brilliant in the field or on the bases. But he has failed to shine with the stick.

George Burns, too, has played a bit erratically. He has hit in streaks, although his fielding has held up. Bill Rariden seems to have cracked a bit under the strain of poor pitching. He is not catching the ball he did earlier in the season.

Theoretically the Giants should win the pennant hands down. Practically they can't without a touch of miracle stuff.

Forty-nine games out of seventy is what they must win from now until October to give them a look-in. Even that pace may not be fast enough to earn the verdict.

Charley Herzog is a grand infielder. Slim Sallee is as good a southpaw pitcher as there is in the National League. But if they can make the Giants pennant winners at this stage they will have accomplished something that will make the miracle sweep of the Braves of 1914 pale in to insignificance.

that Leonard could not overcome. Fourteen thousand fans jammed Washington Park to witness the fight.

NEW ORDERS

West Virginia Second Infantry Regiment to Be Fully Equipped.

CHARLESTON, July 29.—Orders have been received from the department of the East to fully equip the Second West Virginia Infantry in mobilization camp. For the better sanitation of the camp, orders were given by the quartermaster's department for the immediate construction of a crematory in which gas is the fuel used in the destruction of refuse. New bath houses and other fixtures for permanent camp were also ordered.

Fully equipping the men with the regulation issue of clothing and ordnance is taken by the officers to indicate that an early movement is in prospect and the installation of permanent equipment is believed to give assurance that the camp will be retained as a rendezvous for recruits and probably troops of the First Infantry which may be called into service later.

Clothing for workmen, fastened together with clips instead of seams, has been invented, so that a wearer can liberate himself when caught by machinery.

All Austrian and Hungarian newspapers now arrive in Switzerland without their advertisement sections, which are said to have been removed by order of the censors.

Biliousness and Stomach Trouble.
"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyrke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere. —Advertisement.

HAYNES

"America's Greatest Light Six" \$1485

America's Greatest "Light Six" is no idle claim when applied to the Haynes "Light Six." What other car is so flexible as to go one to sixty miles per hour on high? What other car shows such miserly economy? What other car can pick up a speed of 30 miles per hour in seven and a half seconds from a standing start? What other big car will average 8,000 miles to a set of tires?

The Haynes motor, with cylinders 3 1/2 x 5, will develop more power than any other motor for any make of equal bore and stroke.

How could there be greater efficiency? Get behind the wheel of the Haynes "Light Six" and you will quickly understand why it is called America's Greatest "Light Six."

WELSH WHIPS

Benny Leonard in Four Rounds of Ten Round Bout at Brooklyn.

NEW YORK, July 29.—Benny Leonard was able to get a shade in only two of the ten rounds in his fight at Washington arena, Brooklyn, Friday night with Freddy Welsh. As a result the lightweight championship is still tightly held by the little Englishman.

Welsh had a big margin in the sixth, seventh, eighth and tenth rounds. The first, fourth, fifth and ninth were about even. It was in the second and third that Leonard was at his best, having the edge in both.

The fighting was much more vicious than in their previous fights.

Leonard fought a sturdy fight, but it was a far different Welsh he met last night. The champion showed that he was at his best. His feet, his marvelous foot work, and his wonderful elusiveness were three characteristics
